## Krumbs Reporting for Duty

This is my mission...

I'm a pet-detective and it's TOP SECRET – *shhhh* – even Cookie doesn't know.

I've been asked by a special team of agents to help them stop a gang of nasty, *feline-fact-thieves*.

Who are these crazy-cats?

They're one *ruff-tuff* bunch trying to stop YOU from learning anything NEW. Can I depend on you to help stop their wicked plot?

All you have to do is ask – ask questions, that is. Once these kitty-culprits see all your queries, they'll be lured over here and we can nab them.

I'm ready to use my *super-sniffer-dog-detective* skills to search out the answers for you. Are you ready to help catch the *feline-fact-thieves*?

Have fun and get to work. Leave your questions in the comments section of [Krumbs Pet-Detective...and be careful](#)

## Loco-Lou

See this funny-feline? He's number one on our capture list – Loco Lou. Oh, he may

look cute and cuddly, but that's his very clever disguise.

### PROFILE:

Loco-Lou left his comfy home and endless supply of cat treats to join the feline-thieves. Why? Cause he was tired of the constant noise, interrupting his cat-naps.

Loco Lou or *Louie* to his family, only wanted to lounge around eating kitty kibble all day. However, Amy and Josh (the family kids) would awaken him to play, then start to ask him questions like...*"Louie, why are you so lazy?"* Or

*"Louie why won't you chase your jingle ball?"*

It was more than Louie could take. So he waited until Josh accidentally left the kitchen door open and he escaped. Now he's one of *THEM* – determined to put a stop to all questions.

**Mission:** Help me catch Loco Lou. Leave a question in the comment section of Krumbs Pet-Detective. That's the only way we'll lure Louie out of hiding.

## Fatty Calico

Fatty Calico, a.k.a *Fat-Cat-Cal* is still on the loose. He may be over-weight but he's slick and tough to catch.

### **PROFILE:**

Fat-Cat-Cal had a good life...once.

He lived with a little lady in her little house on a little hill. Every morning Fat-Cat-Cal would look out of the little window gazing over the little pond where all the little fish swam. The little lady would then feed him a little breakfast out of his little bowl and give him a little pat on the head.

But for Fat-Cat-Cal this wasn't enough. He was tired of the little lady, with her little house and his little meals out of his little bowl. So one evening when the little lady went to her little bed, Fat-Cat-Cal snuck out to the little pond and captured all the little fish. When the little lady found him, he was lying on his back, fat and full and all her little fish were gone.

Nobody quite knows what the little lady did or said to Fatty Calico that day, but he's been on the run with the Feline-Fact-Thieves ever since.

**Mission:** Leave your question for Krumbs Pet-Detective to help put away this Fishy-Fatty Cat.

## Boo Boo

Boo Boo, as his name implies is accident prone. But even though he's bumped and bruised he can still put up a fight.

### PROFILE:

As a kitten, Boo Boo never learned how to climb trees, chase a mouse or even fall feet first (as all cats are supposed to do).

Boo Boo lived on his own and mostly hung around the park with its soft grassy areas. That is, until tiny Teena found him one day curled under a park bench.

She cooed over him and fixed up his many cuts and bruises. She even wrapped Boo Boo up in a very pink, very fuzzy blanket and pushed him around in her toy baby-buggy.

Boo Boo thought this was great – no more accidents. But soon all the other neighborhood felines made fun of him, calling him names like – *Baby Boo Boo* and *Sir Baby-Blanket-Boo-Boo*. This was more than he could take, so Boo Boo ran off to become a *ruff* and *tuff*, Feline-Fact-Thieve.

**Mission:** Leave questions over at Krumbs Pet-Detective to get Boo Boo behind bars, where he'll never hurt himself (or anyone) again. [CLICK HERE](#)

## Fritz “*Fink*” Jones

Fritz “*Fink*” Jones or *The Fink* to his friends is believed to be the brains behind this whole operation. He’s not afraid of anything and is one smart cat.

### PROFILE:

Fritz-the-Fink never had a home. He comes from a long line of strays - his mother was a stray, as was her mother and her mother before that.

Being a stray meant living on the streets and living on the streets made Fritz tough. But it also made him sneaky and undependable, (he’d *rat* you out

for...well...a rat), this is also how he got his name – *The Fink*.

Many nights Fritz would lie on top of the grimy, greasy garbage cans and ask himself, why? Why was I born a stray? Why must I eat scraps? Why must I sleep in trash? Soon Fritz became so tired of all the questions in his head, he vowed to put a stop to any and all questions from that day forward.

**Mission:** Catch this guy and the rest will soon follow. [CLICK HERE](#)

## Tony the Toothpick

Tony the Toothpick – a.k.a *Tony T*, is a happy-go-lucky fellow with a huge grin and a watchful eye. Don't let 'em fool ya.

### PROFILE:

Tony T was the prized-pet of a very rich and very famous veterinarian who specialized in giving animals a nice smile.

From the first day the good doctor brought Tony home, he always made sure to brush Tony's teeth - after snacks and before bed. But no matter how hard the good doctor tried, Tony's teeth were terrible. They were crooked and stumpy

and didn't shine at all.

The doctor was very ashamed that Tony was such a mess, plus, Tony was ruining his business. So Tony decided to leave the good doctor. That's when he met up with the Feline-Fact-Thieves, who in exchange for his help promised Tony a new smile. And that's just what they did – Tony T is now a loyal member of the Feline-Thieves and the proud owner of a big, shiny set of false teeth. Tony is never without a smile or a toothpick.

**Mission:** Let's wipe the cheesy grin off this cat's face. Leave your questions at Krumbs Pet-Detective. [CLICK HERE](#)
